Okay I know I'm reaching but if the senate is tied now then maybe GOP has an incentive to support Trump because the VP is going to be the tie breaker. If they don't fight for his second term they're handing over the senate to the dems. Are they so desperate to get rid of him that they're going to shoot themselves in the foot? In order to remain optimistic, I'm going to believe that no.

1 ▼ They are laying it all out in the morning. Trump knows how to put on a show. The idiots think they got away with it. Trump's number 1 goal is draining the swamp.
